Please do only what feels well for your body;

Start by standing in a comfortable position; and breathe in a smooth and natural way. The eyes may be opened or closed.

You may place either hand on the belly; massage the belly; and hum to yourself, feeling the vibration of sound.

In any of the movements, at any time, you may choose rather than to move energies, to be moved by them. For example, you may say and feel, 'I am moved by the One Light.' And then, relax, allow yourself to go beyond the prompts, and be moved by the One Light.

In all of the movements, inhale and exhale whenever needed; and stay with the prompts to your level of comfort.

MOVEMENT ONE.

Loosen and relax your body, then breathe smoothly and regularly, and place both hands on the area of your heart. Visualize, with feeling, the Present Moment sphere encompassing your body.

Breathe Present Moment Light deeply into the sphere around your heart. Exhale light energies from your heart, up your energy column, up through your throat, and into your pineal gland, the Eye of Ra, feeling it expand into the elixir field, in the center of the brain.

Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Exhale light energies from your heart, down your energy column through the perineum; down both legs, through the Bubbling Wells; into the center of the earth, expanding into the wholeness of the Void, then breathe the presence of the Void deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Exhale energies up from your centerline, to the Eye of Ra, feeling it expand into the elixir field. Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart, feeling the energy connection between your pineal gland and your heart.

Exhale up slowly, moving the One Light from your heart space, back up to the Eye of Ra, feeling it expand into the elixir field. Inhale the One Light, from the elixir field, through the Eye of Ra, into the sphere around your heart. Feel the One Light filling that sphere. Exhale the One Light from your heart sphere, out to your body, radiating every cell with the Present Moment Light. Inhale the Chi of your body with the One Light, back into the sphere around your heart. Enter that space, and see a figure standing, the guardian of your heart, your inner knowing and wisdom.

Exhale slowly, lower your head, radiate your light energies, and hold both hands, palms up, in front of your chest, to receive. Feel the guardian place into your hands, a cup filled with liquid, charged with the energies of your constrictions.

Drink down the liquid, then move the cup to the hands on the area of your heart, pull it out, move your cupped hands to your mouth, and breathe the One Light into your hands, knowing that your constrictions are seen by your Third Eye. Say and feel, 'I surrender my constrictions to the One Light.'

Inhale deeply, pulling the One Light back into the sphere around your heart. Then open your hands, palms up, at the level of the heart, and see the beauty of the butterfly. Breathe out gently, noticing the colors and shape of the butterfly as it flies, and smile with appreciation. Loosen and relax your body; and breathe smoothly and regularly.

Stand in a comfortable position, with both hands on your kidney area, and your back straight.

Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Visualize the fluid spinning around your pineal gland, and focus on the movement of energy around that centre. Exhale from the Eye of Ra, feeling the light energies mingle with your Present Moment Sphere as you loosen and relax your body, then breathe smoothly and regularly, and place both hands on the area of your heart.

Breathe the Music of the Spheres; deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT TWO.

Stand in a comfortable position, with the back straight and the eyes open or closed. Relax your hands at the sides.

Now, inhale Chi deeply into your energy sun in the center below the navel.

Interlock your fingers with your hands palms down in front of the navel, and exhale slowly; leading your Chi down both legs while pushing down with your hands; bending your legs as you feel, while pushing your Chi through the Bubbling Wells; into the center of the earth; feeling the stillness of the center; then inhale stillness with your Chi up to your energy sun while straightening your legs; exhale as you extend your arms with palms facing away; stretching the arms away; inhaling while raising your arms overhead with the palms turning skyward; pulling your Chi up into the sphere around your heart; exhaling and inhaling deeply while lifting the heels, and stretching your arms high; feeling your Chi energy expanding into the light sphere around your heart.

Keep the fingers interlocked as you drop the heels while exhaling; and tilt the upper body far

left; leaning into the stretch.

Inhale deeply, as you straighten the upper body, and stretch your arms up high.

Exhale thoroughly, as you tilt the upper body far right, leaning into the stretch; and gently squeeze the air out of your lungs and belly.

Inhale deeply, as you stand straight again, and stretch your arms up high.

Loosen your fingers and exhale, as you relax your hands to the sides, and allow the air to escape naturally. Breathe smoothly and regularly; and move your body as needed for comfort.

MOVEMENT THREE.

Stand in a comfortable position, with the eyes open or closed, and your hands relaxed at your sides. With the eyes open, you may physically stare at your target. With the eyes closed, visualize your target, and stare from your pineal gland, the Eye of Ra. When you ride the horse, see its color and mane in your mind's eye.

Move your legs apart into a horse stance, with your hands on the area of your heart, your back straight and buttocks under.

Visualize, with feeling, the Present Moment sphere encompassing your body.

Inhale Present Moment Light deeply into the sphere around your heart.

The eyes stare to the left, focused on a distant target.

Straighten your left arm to the left, with a bow in your hand, as the right hand pulls hard on the bowstring, to near the right nipple. Exhale slowly, and breathe smoothly and regularly.

The right elbow is horizontal to the shoulder.

Squat down and ride the horse as the bow hand points an arrow at the target.

Visualize with feeling, so it really feels that the bow you are bending is very strong. Rock slightly, feeling the horse as you ride, with bow and arrow at the ready.

Surrender to the Present Moment, soften your boundaries, and feel the One Light moving you. You are one with the horse, the bow and arrow, and the Light. Now, rise, loosen your body, and face forward.

Move your hands to the area of your heart.
