This is a guide to feeling and moving your Chi energies, and leads to being moved by the Present Moment Light, the One Light, when guides are no longer needed.

The undifferentiated Void differentiates, the Unmoved Mover moves, and everything that is, becomes. Between undifferentiated and differentiated is the Present Moment.

Start by standing in a comfortable position; and breathe in a smooth and natural way. You may place either hand on the belly; massage the belly; and hum to yourself, feeling the vibration of sound.

The eyes may be open or closed. Relax now; and calm the mind.

Know that you are encompassed by a sphere of light.

See it in your mind; and feel it in your heart.

The Sphere of Present Moment Light fills you; and encompasses you; and is most intimately who, and what you are.

Hold that feeling, and be present to the Presence.

The present moment is timeless, and universal.

The present moment is boundless, and unconditioned.

The present moment is the observer, and witness of all things.

The present moment is love; for love itself.

The present moment is the first born of the unmoved mover.

The present moment is the unified field, and the creative source.

The present moment is the spirit, and essence, and presence, of nature.

Chi energy, known by other names in various cultures, is the life force which animates the body. It is associated with the breath, and can be considered bio-electricity, although it is much more. It is a bridge to the Present Moment, and a carrier of other energies. Your Chi may be moved by using your focused mind and breath. Rather than move your energies, you may also be moved by your Chi, or by the Present Moment Light. Regular practice deepens the experience.

The Bubbling Wells are energy centers in the bottoms of the feet. The energy sun is in the center of the lower belly. Your centerline is a column of energy, which runs from the perineum, through the energy sun and the sphere around the heart, to the elixir field in the center of the brain. The following exercise has both ancient and modern sources. Visualizing with feeling as you inhale, may help you flex the muscles as coached.

Move your hands to your kidney area, and stand with your back straight. Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Visualize the fluid spinning around your pineal gland, and focus on the movement of energy around that centre. Exhale from the Eye of Ra, feeling the light energies mingle with your Present Moment Sphere as you loosen and relax your body, then breathe smoothly and regularly.

Breathe the Music of the Spheres; deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT ONE.

In any of the movements, at any time, you may choose rather than to move energies, to be moved by them. For example, you may say and feel, 'I am moved by the One Light.' And then, relax, allow yourself to go beyond the prompts, and be moved by the One Light.

Stand in a comfortable position, with the back straight and the eyes open or closed. In all of the movements, inhale and exhale whenever needed; and stay with the prompts to your level of comfort. Relax your hands at the sides.

Now, inhale Chi deeply into your energy sun in the center below the navel.

Interlock your fingers with your hands palms down in front of the navel, and exhale slowly; leading your Chi down both legs while pushing down with your hands; bending your legs as you feel, while pushing your Chi through the Bubbling Wells; into the center of the earth; feeling the stillness of the center; then inhale stillness with your Chi up to your energy sun while straightening your legs; exhale as you extend your arms with palms facing away; stretching the arms away; inhaling while raising your arms overhead with the palms turning skyward; pulling your Chi up into the sphere around your heart; exhaling and inhaling deeply while lifting the heels, and stretching your arms high; feeling your Chi energy expanding into the light sphere around your heart.

Keep the fingers interlocked as you drop the heels while exhaling; and tilt the upper body far left; leaning into the stretch.

Inhale deeply, as you straighten the upper body, and stretch your arms up high.

Exhale thoroughly, as you tilt the upper body far right, leaning into the stretch; and gently squeeze the air out of your lungs and belly.

Inhale deeply, as you stand straight again, and stretch your arms up high. Loosen your fingers and exhale, as you relax your hands to the sides, and allow the air to escape naturally. Breathe smoothly and regularly; and move your body as needed for comfort.

Breathe the absolute abundance of the Void, deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT TWO.

Stand in a comfortable position, with the eyes open or closed, and your hands relaxed at your sides. With the eyes open, you may physically stare at your target. When you ride the horse, see it's color and mane in your mind's eye. With the eyes closed, visualize your target, and stare from your pineal gland, the Eye of Ra, where this movement begins. You may say and feel, 'I am moved by the One Light.'

Visualize, with feeling, the Present Moment sphere encompassing your body.

Place both hands on the area of your heart, as you inhale Present Moment Light deeply into the sphere around your heart.

Exhale light energy down slowly from your heart, down your energy column through the perineum; down both legs, through the Bubbling Wells; into the center of the earth, expanding into the wholeness of the Void, then breathe the presence of the Void deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Exhale up from your energy column, up through your throat, and into your pineal gland, feeling it activate the elixir field in the center of your brain.

Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Exhale up slowly, moving the One Light from the sphere around your heart, back up to the Eye of Ra, feeling it expand into the elixir field in the center of the brain. Inhale the One Light, from the elixir field, through the Eye of Ra, down into the sphere around your heart. Exhale out slowly, from your heart sphere, feeling the light energies mingling with your Present Moment Sphere. Inhale deeply, pulling Present Moment Light from the larger sphere, into the sphere around your heart. Then, breathe smoothly and regularly, and relax your body into a comfortable position. Move your legs apart into a horse stance, with your hands on the area of your heart, your back straight and buttocks under.

The eyes stare to the left, focused on a distant target.

Straighten your left arm to the left, with a bow in your hand, as the right hand pulls hard on the bowstring, to near the right nipple. The right elbow is horizontal to the shoulder.

Squat down and ride the horse as the bow hand points an arrow at the target.

Visualize with feeling, so it really feels that the bow you are bending is very strong. Rock slightly, feeling the horse as you ride, with bow and arrow at the ready. Breathe smoothly and regularly.

Surrender to the Present Moment, soften your boundaries, and feel the One Light moving you. You are one with the horse, the bow and arrow, and the Light. Now, move your hands to the area of your heart, as you rise, loosen your body, and face forward.

Breathe the pure potentiality of the Void, deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT THREE.

The purpose of this breathing visualization is to experience the transference of the will from the ego, to the more complete perspective of the guardian of the heart, also called the soul, or the inner knowing and wisdom.

Relax into any comfortable position, where you can breathe deeply.

Visualize, with feeling, the light energies of the Present Moment sphere encompassing your body.

Place both hands on the area of your heart, and breathe Present Moment Light from the larger Sphere, deeply into the sphere around your heart, feeling the energies being pulled in and filling your inner space. Exhale light energies from your heart, up your energy column, up through your throat, and into your pineal gland, the Eye of Ra, feeling it activate the elixir field in the center of your brain.

Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Exhale up from your energy column, moving the Light energies back up to the Eye of Ra, feeling it expand into the elixir field in the center of your brain. Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart, feeling the energy connection between your pineal gland and your heart space.

Exhale up slowly, moving the One Light from your heart, back up to the Eye of Ra, feeling it expand into the elixir field. Inhale the One Light, from the elixir field, through the Eye of Ra, into the sphere around your heart. Feel the One Light filling that sphere. Exhale the One Light from your heart sphere, out to your body, radiating every cell with the Present Moment Light. Inhale the Chi of your body with the One Light, back into the sphere around your heart. Enter that space, and see a figure standing, the guardian of your heart space, your inner knowing and wisdom.

Exhale slowly, lower your head, radiate your light energies, and hold both hands, palms up, in front of your chest, to receive, feeling the guardian placing one of your heart desires into your hands, in the form of a jewel.

Inhale, as you receive the jewel that is given, move it to the hands on the area of your heart, then pull it out, move your cupped hands to your mouth, and breathe the One Light into your hands, and know that your heart's desire is seen and understood by your Third Eye. You may say and feel, 'I surrender my desire to the One Light.'

Visualize with feeling that the jewel absorbs the One Light and transforms, as you inhale deeply, pulling the One Light back into the sphere around your heart. Then open your hands, palms up, at the level of the heart, and see the beauty of the butterfly. Breathe out gently, noticing the colors and shape of the butterfly as it flies, and smile with appreciation. Loosen and relax your body; and breathe smoothly and regularly.

Stand in a comfortable position, with both hands on your kidney area, and your back straight.

Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Breathe the supreme stability and constancy of the Void, deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT FOUR.

Face forward with the eyes open or closed, and the back straight. When you exhale left or right, sinking your Chi to the wholeness of the Void; sink and turn your upper body, as though looking behind. When you inhale forward; straighten your legs and lift your body to a standing position.

This movement begins from the Eye of Ra. You may say and feel, 'I am moved by the One Light.'

Visualize, with feeling, the Present Moment sphere encompassing your body.

Now, with both hands on your kidney area, inhale Present Moment Light into the sphere around your heart.

Rotate and sink left; exhaling light energy from the sphere around your heart, down your energy column; down through the perineum, down both legs; through the Bubbling Wells; into the center of the earth, looking behind as you breathe the presence of the Void deeply into your energy column; from the perineum, to the pineal gland.

Breathe light energy down your energy column, down through the perineum, down both legs, through the Bubbling Wells, into the Center of the earth, expanding into the wholeness of the Void. Breathe the presence of the Void in with your whole body; as you straighten to the front; condensing it into your energy column; from the perineum, to the pineal gland. Exhale energies up from your column slowly, into your pineal gland, expanding them into the elixir field in the center of your brain. Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Rotate and sink right; exhaling light energy from your heart space, down your energy column; down through the perineum, down both legs; through the Bubbling Wells; into the center of the earth, looking behind as you breathe the presence of the Void deeply into your energy column; from the perineum, to the pineal gland.

Exhale out slowly from your heart center, feeling the light mingle with your Present Moment Sphere. Loosen and relax your body, breathe smoothly and regularly, smile with appreciation, and move both hands to your kidney area.

Breathe the infinite creative intelligence of the Void, deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT FIVE.

Stand comfortably, with the back straight, the legs apart, and your hands relaxed at the sides. The eyes may be opened or closed.

In this movement, when you squat down in a horse stance, place your hands near the knees; with the thumbs on the outside of the thighs. When you shift your weight to a leg, press down heavily on that leg with your hand. You may say and feel, 'I am moved by the One Light.' Move both hands to the area of your heart. Visualize, with feeling, the Present Moment sphere encompassing your body.

Inhale deeply, pulling Present Moment Light into the sphere around your heart. Squat slowly, as you exhale energies from your heart sphere, down your centerline; through your energy sun, down both legs, through the Bubbling Wells, and into the center of the earth, adjusting your body into a squatting position, with both hands on the thighs, then inhale deeply, still squatting, as you pull stillness with your Chi, up from the center of the earth, up both legs; and into your energy sun; then exhale slowly; as you shift your weight left, move your Chi through the Bubbling Wells into the center of the earth; while turning your upper body slowly to the left and looking behind.

Inhale stillness with your Chi, up from the center of the earth; up both legs and into your energy sun, then breathe regularly, still squatting, moving Chi down through your Bubbling Wells into the center of the earth; and moving your Chi up both legs and into your energy sun; as you align your head, spine, and right leg, and stay in this position.

Then, inhale slowly, while turning the upper body to face forward, raising up as you pull Chi up both legs, up your energy column, and into the sphere around your heart; stand and place both hands on the area of the heart; breathe out from the heart, feeling the light energy mingle with your Present Moment Sphere.

Inhale stillness with your Chi, up from the center of the earth; up both legs and into your energy sun, then breathe regularly, still squatting, moving Chi down through your Bubbling Wells into the center of the earth; and moving your Chi up both legs and into your energy sun; as you align your head, spine, and left leg, and stay in this position.

Then, inhale slowly, while turning the upper body to face forward, raising up as you pull Chi up both legs, up your energy column, and into the sphere around your heart; stand and place both hands on the area of the heart; breathe out from the heart, feeling the light energy mingle with your Present Moment Sphere. Loosen and relax your body, breathe smoothly and regularly; and smile with appreciation. Move your mind to your perineum, standing with your back straight, and both hands on your kidney area.

Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up

through your heart, through your throat, and into your pineal gland.

Breathe the all sufficiency, and self existence, of the Void; deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT SIX.

In this movement, when you are rocking your body, you can rock side to side, back and forth, or in a circular motion. When you lift your hands above your head, palms skyward and fingers close or touching, it is as though you were lifting something. You may say and feel, 'I am moved by the One Light.' This movement begins from the Eye of Ra. Place both hands on the kidney area, and visualize, with feeling, the Present Moment sphere encompassing your body.

Inhale Present Moment Light deeply into the pineal gland in the center of the brain, feeling it activate the Eye of Ra. Exhale light energies out from the Eye of Ra, radiating them into the elixir field in the center of the brain.

Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Exhale up slowly, moving the One Light from the sphere around your heart, back up to the Eye of Ra, feeling it expand into the elixir field. Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Exhale from your heart space, out through your body, feeling the energies mingling with your Present Moment Sphere; and relax your hands to the sides, while pressing both palms down, towards the ground.

Inhale slowly, turning your palms facing together as you move your hands up, turning their backs together at the front of the chest and turning the palms skyward with the fingers pointed

in, exhaling as needed; then inhaling more deeply as you stretch your arms high. Move your mind to the lower back; feeling your light energy in the kidney area; exhale, and inhale, turning your palms forward, with the fingers pointing up; stretching your arms high, and feel the Sphere of Present Moment Light that fills you; and encompasses you; while stretching your mind and your light out to your hands and feet, then exhale slowly down; moving your light from the Eye of Ra; as you bend the upper body with the arms extended; down your energy column through the perineum; down both legs to the Bubbling Wells; reaching your hands towards your feet; then move your mind to the Bubbling Wells as you hold your feet and breathe regularly while pulling your hands up slightly so that you put a gentle stress on your whole body.

Feel the Present Moment Sphere encompassing your body and extending below your feet; as you rock your body gently, while pulling up on your feet, with your mind on the Bubbling Wells. Inhale slowly, rolling your body up and lifting your hands, while pulling your light up from the Bubbling Wells; up both legs; through your energy sun; and into the sphere around your heart, placing your hands on the area of the heart. Breathe out light energies from your heart; feeling it mingle with your Present Moment Sphere. Loosen and relax your body; breathe smoothly and regularly; stand with your back straight, and place both hands on the area of your kidneys.

Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT SEVEN.

In this movement, while breathing out to the barrier membrane, feel the membrane absorbing the light, softening, and becoming more permeable. You may say and feel, 'I am moved by the

One Light.'

Now, with both hands still on the area of your heart; inhale the energy of unconditional love, the Christos, deeply into the sphere around your heart.

Turn your upper body left; as you breathe out unconditional love to the barrier membrane. Feel the membrane softening, while looking behind.

Inhale unconditional love with your whole body, into the sphere around your heart, as you turn to face forward.

Turn your upper body right; as you breathe out unconditional love to the barrier membrane. Feel the membrane softening, while looking behind.

Inhale unconditional love with your whole body, into the sphere around your heart, as you turn to face forward.

Exhale slowly, emitting unconditional love from your heart space, and feeling the light energies mingle with your Present Moment Sphere. Loosen and relax your body, breathe smoothly and regularly; and smile with appreciation. Move your mind to your perineum, and stand with your back straight, and both hands on your kidney area.

Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT EIGHT.

This movement begins from your energy sun. Place your hands on the hips, and open the eyes. When you put your hands in front of the chest; the palms are up, and the fingertips close or

touching.

You may say and feel, 'I am moved by the One Light.'

Gather Chi deeply, into the energy sun in the center of your lower belly.

Exhale slowly, and sink your Chi down both legs, through the Bubbling Wells, into the center of the earth.

Feel the stillness of the center.

Inhale the stillness with your Chi; up through the Bubbling Wells, up both legs, up your energy column and into the sphere around your heart; raising up on your toes and staying as high as you can.

Feel the Present Moment Sphere encompassing you, and the light sphere around your heart.

Exhale, sinking your Chi to the Bubbling Wells as you lower your heels to the ground, allowing the air to escape naturally.

Move your hands to the kidney area; and breathe smoothly and regularly.

Gather Chi deeply, into your energy sun.

Move your hands to the front of the chest; and breathe smoothly and regularly.

Gather Chi deeply, into your energy sun.

Exhale slowly, and sink your Chi down both legs, through the Bubbling Wells, into the center of the earth.

Feel the stillness of the center.

Inhale the stillness with your Chi; up through the Bubbling Wells, up both legs, up your energy column and into the sphere around your heart; raising up on your toes and staying as high as you can.

Feel the Present Moment Sphere encompassing you, and the light sphere around your heart.

Exhale, sinking your Chi to the Bubbling Wells as you lower your heels to the ground, allowing the air to escape naturally. Move your hands to the area of your heart; and breathe smoothly and regularly.

Exhale, sinking your Chi to the Bubbling Wells as you lower your heels to the ground; loosen and relax your body; and breathe smoothly and regularly. Move your hands to your kidney area, and your mind to the perineum.

While standing with your back straight, inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Visualize the fluid spinning around your pineal gland, and focus on the movement of energy around that centre. Exhale from the Eye of Ra, feeling the light energies mingle with your Present Moment Sphere as you loosen and relax your body, then breathe smoothly and regularly.

Again, standing with your back straight, and both hands on your kidney area, inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Visualize the fluid spinning around your pineal gland, and focus on the movement of energy around that centre. Exhale from the Eye of Ra, feeling the light energies mingle with your Present Moment Sphere as you loosen and relax your body. Breathe smoothly and regularly, and place both hands on the area of your heart.

Breathe the joy, and laughter, of the Void; deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

MOVEMENT NINE.

The purpose of this breathing visualization is to experience communion, with your guardian of the heart, also called the soul, or the inner knowing and wisdom; and to receive a message from that more complete perspective in consciousness. When you ask, what is the message you have for me?, do not seek for answers, but allow them to arise when they will. The message may appear in a dream, in signs or synchronicity, or in an intuitive feeling.

Relax into any comfortable position, where you can breathe deeply.

Visualize, with feeling, the Present Moment sphere encompassing your body.

Place both hands on the area of your heart, and breathe Present Moment Light from the larger Sphere, deeply into the sphere around your heart, feeling the energies being pulled in and filling your inner space. Exhale light energies from your heart, up your energy column, up through your throat, and into your pineal gland, the Eye of Ra, feeling it activate the elixir field in the center of your brain.

Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart.

Exhale light energies from your heart, down your energy column through the perineum; down both legs, through the Bubbling Wells; into the center of the earth, expanding into the wholeness of the Void, then breathe the presence of the Void deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Exhale up from your energy column, moving the Light energies back up to the Eye of Ra, feeling it expand into the elixir field in the center of your brain. Inhale the One Light from the elixir field, through the Eye of Ra, down your energy column, and into the sphere around your heart, feeling the energy connection between your pineal gland and your heart space.

Exhale up slowly, moving the One Light from your heart, back up to the Eye of Ra, feeling it expand into the elixir field. Inhale the One Light, from the elixir field, through the Eye of Ra, into the sphere around your heart. Feel the One Light filling that sphere. Exhale the One Light from your heart sphere, out to your body, radiating every cell with the Present Moment Light. Inhale the Chi of your body with the One Light, back into the sphere around your heart. Enter that space, and see a figure standing, the guardian of your heart space, your inner knowing and wisdom.

Exhale slowly, lower your head, radiate your light energies, and hold both hands, palms up, in front of your chest, asking, 'what is the message you have for me?'

Inhale, as you receive the scroll that is given, and move it to the hands on the area of your heart. Then pull it out, move your cupped hands to your mouth, and breathe the One Light into your hands, as you visualize with feeling, that the scroll un-scrolls, is seen by your Third Eye, and its message understood. You may say and feel, 'I surrender the message to the One Light.'

Inhale slowly, and visualize with feeling that the scroll transforms, as you deeply pull the One Light back into the sphere around your heart. Then open your hands, palms up, at the level of the heart, and see the beauty of the butterfly. Breathe out gently, noticing the colors and shape of the butterfly as it flies, and smile with appreciation. Loosen and relax your body; and breathe smoothly and regularly.

Stand in a comfortable position, with both hands on your kidney area, and your back straight.

Inhale slowly as you gently flex your perineum, then activate your core muscles, then flex your upper abdominals, still in-breathing, as you lift the cerebrospinal fluid, feeling it travel up through your heart, through your throat, and into your pineal gland.

Visualize the fluid spinning around your pineal gland, and focus on the movement of energy around that centre. Exhale from the Eye of Ra, feeling the light energies mingle with your Present Moment Sphere as you loosen and relax your body, then breathe smoothly and regularly.

Breathe the supreme stability and constancy of the Void, deeply into the sphere around your heart, expanding it into your energy column; from the perineum, to the pineal gland.

Breathe light energy out slowly to your Present Moment Sphere, which fills you, and surrounds you, and is most intimately who, and what you are.

Now, open your eyes, move your body, loosen the area of your neck and shoulders; and shake out your arms, hands, legs, and feet.
